## OBJECTIVE

Energetic Fresher holding Bachelor Of Engineering degree from Osmania University, good knowledge in computer subjects, and ability to update and learn new concepts quickly and strong desire to work in the software field Troubleshooter, ability to work in any environment, and possess good developer skills.

## TECHNICAL EXPERIENCE

**MERN Full Stack**

iHub Quality Thought| May,2023 - December,2023

- Developed and maintained dynamic, single-page web applications using React.js, contributing to a 30% improvement in overall user engagement.
- Implemented responsive and mobile-friendly user interfaces, enhancing the accessibility of web applications across various devices.
- Collaborated with cross-functional teams, including UX/UI designers and backend developers, to deliver seamless and integrated solutions.
- Integrated RESTful APIs to fetch and update data, ensuring real-time functionality and optimal performance.
- Conducted code reviews and implemented best practices to ensure high-quality, scalable, and maintainable code.

## SKILLS SET

**Languages -** NodeJS, JavaScript (ES6+), Java
**Framework -** React.js, Express.js
**State Management -** Redux
**Database -** MongoDB
**Styling -** CSS3, SASS, SCSS
**Build Tools -** Webpack, Babel
**Version Control -** Git
**RESTful API's -** Integration and Consumption
**Responsive Design -** BootStrap
**Development Tools -** VSCode

## CERTIFICATIONS

- MERN Stack Development - Quality Thought Institution
- IBM PY0101EN Certificate - Cognitive Class
- Forage Software Engineering Virtual Experience - JP Morgan Chase & Co.
- Online Workshop on Virtual IoT Simulation - Cisco

## LEADERSHIP & ACTIVITIES

- Demonstrated leadership as the team lead for various academic projects, guiding a team of 3 members.
- Demonstrated strong leadership skills by serving as the captain of the college cricket team.

## PROJECTS

**Professional Portfolio**

- Developed a dynamic professional portfolio using HTML, CSS, and Tailwind CSS.
- Integrated email.js for a seamless and interactive contact form.
- Ensured a responsive design and an intuitive user interface.
- Highlighted skills, projects, and contact information for easy navigation.
- Deployed the portfolio on Netlify for live accessibility.
- Showcased proficiency in front-end technologies and UI/UX design.
- Demonstrated successful deployment on a cloud platform.

**Todo List Using Redux in React**

- Created a Todo List application using React and managed state with Redux for efficient state management.
- Implemented features such as adding, removing, and marking tasks as completed, providing a seamless user experience.
- Utilized Redux actions and reducers to handle state changes centrally, ensuring a single source of truth for application data.
- Integrated asynchronous operations using middleware like Thunk to manage tasks such as fetching data from an API.
- Demonstrated proficiency in React and state management concepts with Redux.

## EDUCATION

**Bachelor Of Engineering - OSMANIA UNIVERSITY**
Computer Science & Engineering **(2019 -2023)**

**Board Of Intermediate  - (2017 - 2019)**
**Secondary Schooling Council - (2017)**

## PERSONAL RECORD

**Full Name -** Syed Subaan Shareef
**Date Of Birth -** 25/09/2023
**Gender -** Male
**PortFolio -** https://2001-zsddf-syed-lkmsdlkjs.netlify.app
**HomeTown -** Hyderabad
